

## Grace Force

Contributed by david usher

Grace Force (CIA) Community In Action.

When Frances asked if we could help her and her husband Les to move their Business to new premises soon after GCC was born, little did we know that this was to be the first of many &lsquo;Grace Force&rsquo; projects during the coming year?

&lsquo;Grace Force&rsquo; encompassed everything that this church stands for: showing God&rsquo;s love to the community around us. Andrew has labelled it the &lsquo;CIA&rsquo; (community in action), but basically we are there to serve those people who are unable to financially or physically help themselves.

This has involved a number of projects from helping two non church members and one church member to move house, to putting up garden sheds and doing a garden makeover, to putting up shelves and shower screens!! [We have also provided meals for our own church members when illness or childbirth occurred and non church members when the need arose.]

My wish is that news of our Christian Love and Kindness will spread throughout the wider community and that as our church grows, so the funds will become available to allow the army of willing volunteers to give more of their valuable time to &lsquo;Grace Force&rsquo; projects.

Thank you to all those who have given of their services to help others over the last year, I know it has all been greatly appreciated.

For more Information or to see if we can help you please contact John Miller. &lsquo;Grace Force coordinator.&rsquo; We will endeavour to get some photos of &lsquo;Grace Force&rsquo; in action within the Community, to show the great work that is performed by our Church under the eyes of our Lord.- John Miller

For more Information on how to use this facility or to become part of Gods Great team of helpers please contact the Grace Force co-ordinator:- John Miller We hope that at future Grace Force events to get some photo's for our gallery, so keep checking out our site for latest additions.

Thank you. God bless you all.
