

## Prayer for Kisumu and Kenya.

Contributed by david usher

Please can we all pray for the un-rest that is happening in kisumu and Kenya as a whole.

That the hearts of the wrong doer's be softened and that a peaceful solution be quick in coming to order.

That there will be no more un-nessasary killing, just because you are from a different tribe.

That the dodgy ballot be rectified and the right president be elected.

That Pat Botwright may continue to help the children of Kisumu without the worry of all the violence around her.
